Important Notes:

The amounts shown are rounded to the nearest whole dollar and include the Principal and Interest (P&I) portion of the payments only. To determine a total monthly mortgage payment, any other required monthly expenses (such as property taxes, homeowner's insurance, mortgage insurance, and/or homeowner association dues) would need to be added to the amounts shown. The other required monthly expenses may vary based on the location and value of the property, and the loan-to-value ratio.
